

Martin Pittman

Statement of Intent

I am proud to be part of the current Board, and to have contributed to the great progress of the last year. I serve on both the Personnel Committee (and lead the recruitment for our new General Manager) and the Infrastructure Committee (and helped with the removal and replacement of old coolers and freezers). Still, there is much work to be done, and I look forward to representing the membership as we support John and our on-going efforts.

My career is in international humanitarian assistance and education, and I have worked for non-profit organizations for nearly 30 years. I have been involved in project management, staff oversight, financial planning and strategy development. It has been rewarding to bring these skills to our community store.
